

Emergency Trauma Dressing (ETD) - 4 in.

The Emergency Trauma Dressing (ETD™) series of bandages are engineered using data from over 63 After Action Reviews (AARs) of real-world battle dressing applications. The ETD™ consists of a resilient elastic wrap equipped with a sterile non-adherent pad, durable securing device and innovative Quick-Grip™ Roll Control configuration. This combination facilitates a rapid, controlled, and extremely effective application process in the most demanding conditions. The ETD™ can also be used to sling and swath an arm, to secure splints to an extremity or to perform in any other function requiring an elastic wrap.

Special Features:

- ✓ Sterile bandage with up to 5 year expiry, Made in the U.S. & Berry Amendment Compliant
- ✓ Suitable for applying immediate direct pressure
- ✓ Multi-functional, all-in-one design
- ✓ Simple application that is easy to remember under combat/survival stress
- ✓ Omission of pressure bars and hooks to moderate the use of fine motor skills
- ✓ Durable securing device
- ✓ Quick-Grip™ Roll Control tabs to prevent the bandage from unrolling during application
- ✓ Vacuum-sealed, Low-Cube Packaging
- ✓ Cost effective
